- Sea Salt
- Pink Himalayan Salt
- Redmond Real Salt
- Water (Still & Sparkling)

Common Mistakes

- Going too lean
- Skipping salt
- Not eating enough
- Quitting too early
- Overcooking organs

Quick Start Guide

- **Electrolytes Adaptation:** Crucial during transition. Salt food generously. Consider magnesium/potassium supplements if needed initially.
- **Troubleshooting:** Headaches, fatigue common during keto flu (ensure salt intake). Digestive changes are normal—allow time for adaptation. Prioritize rest.
