Canola, soybean, corn, sunflower, vegetable oils

MOST DAIRY
Milk, cheese, yogurt (if sensitive)

ULTRA-PROCESSED
Packaged foods, additives, preservatives

CARNIVORE SUCCESS TIPS

KEEP IT SIMPLE
Eat whole animal foods. Keep meals basic and satisfying.

EAT TO SATISFACTION
Listen to hunger. Eat until you are full and satisfied.

STAY HYDRATED
Drink plenty of water. Add salt or electrolytes as needed.

BE PATIENT
Give your body time to adapt and heal. Results take time.

LISTEN TO YOUR BODY
Everyone is different. Adjust what works best for you.

CONSISTENCY WINS
Stay consistent and trust the process. You've got this!
