

30-Day Keto Meal Plan

SIMPLE. REPEATABLE. RESULTS.

This plan is for keto beginners who want a system, not a science lecture. The target is simple: stay under 20g net carbs a day. That's it. No calorie counting. No weighing food. Repeatable meals you'll actually cook on a Tuesday night.

How to use it: Eat what's listed. Eat until full. Swap proteins if your store is out of something. Cook once, eat twice. Leftover days are built in on purpose.

Step-by-step versions of many of these recipes are free at **ketodial.com**, our keto site.

Week 1: Foundation

DAYS 1-7

Keep it stupid simple. Eggs, meat, cheese, green veg. Don't chase fancy recipes yet. Just get under 20g a day and repeat.

DAY	BREAKFAST	LUNCH	DINNER
Day 1	3 eggs scrambled in butter, 2 strips bacon	Keto egg salad in lettuce wraps	2 bunless cheeseburgers + half an avocado
Day 2	Bacon spinach egg cups (made Sunday)	Deli turkey + cheese roll-ups, side of olives	Instant Pot bacon-ranch chicken
Day 3	Bacon spinach egg cups	Leftover bacon-ranch chicken over salad	Low-carb Salisbury steak + buttered green beans
Day 4	3 eggs fried in bacon grease	Keto tuna salad on cucumber slices	Leftover Salisbury steak
Day 5	Bacon spinach egg cups	Keto chicken salad in lettuce cups	Creamy keto taco soup
Day 6	2 eggs + 3 strips bacon	Leftover taco soup	Sirloin steak + cauliflower mac and cheese
Day 7	Keto egg casserole (make a full pan)	Keto cobb salad	Rotisserie chicken + broccoli in butter

WEEKLY PREP TIPS

- **Sunday batch cook:** Make a dozen bacon spinach egg cups and a pan of egg casserole. Breakfasts are done for the week.
- **Boil a dozen eggs.** Egg salad, tuna salad, and grab-and-go snacks all come from the same pot.
- **Clear the kitchen.** Bread, pasta, rice, chips, sugar. Out of the house or out of sight. Willpower is a terrible plan.
- **Read labels.** Net carbs = total carbs minus fiber. Sauces and dressings are where hidden carbs live.
- **Eat until full.** Don't count calories this week. Your only job is staying under 20g net carbs.

Week 2: Adaptation

DAYS 8-14

This is keto flu week for most people. It's not the flu. It's electrolytes. Salt your food, drink water, and follow the plan. It passes.

DAY	BREAKFAST	LUNCH	DINNER
Day 8	Leftover keto egg casserole	Keto egg salad in lettuce wraps	Broccoli cheddar soup
Day 9	Keto chaffles with butter	Leftover broccoli cheddar soup	Keto smothered chicken thighs
Day 10	3 eggs scrambled + 2 sausage patties	Keto chicken salad in lettuce cups	Keto beef egg roll slaw
Day 11	Keto chaffles + 2 strips bacon	Leftover beef egg roll slaw	Keto chicken parmesan + zucchini pasta
Day 12	Bacon spinach egg cups	Keto tuna salad + cheese crisps	Low-carb tacos in cheese shells
Day 13	90-second keto bread + 2 fried eggs	Leftover taco meat over salad greens	Low-carb chicken and mushroom soup
Day 14	Cream cheese pancakes	Keto cobb salad	Ribeye + simple cauliflower casserole

WEEKLY PREP TIPS

- **Electrolytes first:** Headache, fatigue, brain fog? That's sodium, not sickness. Salt everything. Sip salted water or broth daily.
- **Magnesium and potassium:** Avocado, spinach, and a magnesium supplement at night cover most of it. Leg cramps mean you're behind.
- **Sunday ground beef:** Brown 2-3 lbs. It becomes taco meat, egg roll slaw, and salad topper all week.
- **Chaffles freeze great.** Make a double batch, freeze, toast in the morning. Faster than cereal ever was.
- **Don't quit on day 10.** Almost everyone who fails keto quits during this week. You're one salty broth away from feeling fine.

Week 3: Variety

DAYS 15-21

Adaptation is behind you. Energy comes back this week. Time for more variety, plus your first restaurant meals. Eating out on keto is easy once you know the moves.

DAY	BREAKFAST	LUNCH	DINNER
Day 15	Keto veggie frittata	Keto antipasto salad	Zucchini lasagna
Day 16	Leftover frittata	Leftover zucchini lasagna	Keto spinach-artichoke chicken
Day 17	Keto blueberry muffins + 2 eggs	Keto shrimp salad	Eating out: bunless burger, side salad, skip the fries
Day 18	Keto overnight oats	Leftover spinach-artichoke chicken	Low-carb beef cabbage stew
Day 19	Keto blueberry muffins + 3 strips bacon	Leftover beef cabbage stew	Keto smothered chicken thighs
Day 20	Keto French toast	Keto egg salad in lettuce wraps	Eating out: steak fajitas, no tortillas, extra guac
Day 21	Keto broccoli cheddar quiche	Keto chicken salad in lettuce cups	Lasagna pepper boats

WEEKLY PREP TIPS

- **Restaurant rules:** Protein + vegetables + fat. Swap fries for salad. Ask for butter. Skip the bread basket. Done.
- **Sauce check:** BBQ sauce, ketchup, and teriyaki are sugar bombs. Ranch, blue cheese, oil and vinegar are safe.
- **Bake once, eat twice:** Frittata and quiche both give you two breakfasts per pan. Muffins keep 5 days in the fridge.
- **Slow cooker stew:** Beef cabbage stew takes 10 minutes of work. Dinner tonight, lunch tomorrow.
- **Notice your hunger.** By now you might skip a meal without thinking about it. That's fat adaptation working. Don't force three meals.

Week 4: Your Rhythm

DAYS 22-30

Nine days left. Notice something? The winners are back. Repetition isn't boring, it's the system. This week you build the rotation you'll run long after day 30.

DAY	BREAKFAST	LUNCH	DINNER
Day 22	Leftover broccoli cheddar quiche	Keto cobb salad	Creamy keto taco soup
Day 23	Bacon spinach egg cups	Leftover taco soup	Instant Pot bacon-ranch chicken
Day 24	Keto chaffles with butter	Leftover chicken + guacamole with cheese chips	Low-carb Salisbury steak + green beans
Day 25	3 eggs + 3 strips bacon	Keto tuna salad on cucumber slices	Keto beef egg roll slaw
Day 26	Keto English muffin + fried egg + cheese	Leftover beef egg roll slaw	Broccoli cheddar soup
Day 27	Keto egg casserole	Keto antipasto salad	Keto chicken parmesan + zucchini pasta
Day 28	Leftover egg casserole	Deli turkey + cheese roll-ups, side of olives	Low-carb tacos in cheese shells
Day 29	Keto fluffy pancakes	Leftover taco meat over salad greens	Keto smothered chicken thighs
Day 30	Bacon spinach egg cups	Keto cobb salad	Ribeye + cauliflower mac and cheese. You earned it.

WEEKLY PREP TIPS

- **Build your rotation.** Pick your 5 favorite dinners from this month. Write them down. That's your permanent meal plan.
- **Sunday system:** One pan of egg cups or casserole, one batch of ground beef, one soup or slow cooker meal. 90 minutes covers most of your week.
- **Stock the freezer.** Chaffles, muffins, soup portions, cooked ground beef. A stocked freezer beats a weak moment every time.
- **Day 30 audit:** Energy, sleep, mood, waistline, cravings. Write it all down. This is your baseline for the next 30.
- **What's next:** Keep going. The plan doesn't end at 30 days. It starts there.

The Whole Protocol in One Line

Stay under 20g net carbs. Salt your food. Cook once, eat twice. Repeat for 30 days. Measure what matters and adjust based on data, not opinions.
