

HOW TO CARNIVORE DIET

EAT ANIMAL FOODS. HEAL YOUR BODY. KEEP IT SIMPLE.

WHAT IS THE CARNIVORE DIET?

An elimination diet that consists only of animal products. It removes potential food triggers so your body can heal, reset, and thrive.

WHAT CAN YOU EAT?

MEAT

- Beef (all cuts)
- Lamb, Bison
- Pork
- Chicken, Turkey
- Organ Meats (liver, heart, kidney)
- Ground Meat

Choose fatty cuts whenever possible.

ANIMAL FAT

- Beef Tallow
- Pork Lard
- Chicken Fat
- Duck Fat
- Suet

Essential for energy, hormones & satiety.

EGGS

- Whole Eggs
- Egg Yolks

Nutrient dense & highly bioavailable.

SALT & WATER

- Water
- Redmond Real Salt or Sea Salt

Support hydration, electrolyte balance & proper function.

THAT'S IT. NOTHING ELSE.

THE BASICS

EAT ANIMAL FOODS ONLY
Meat, fat, eggs, salt, water.

EAT TO SATIETY
Stop when full. Honor your hunger.

EAT ENOUGH FAT
Fat is your fuel. Don't fear it.

USE SALT LIBERALLY
It helps with electrolytes and digestion.

DRINK WATER
Stay hydrated. Add salt if needed.

KEEP IT SIMPLE
Less stress. More results.

TIPS & TRICKS FOR SUCCESS

START SIMPLE
Begin with beef, salt, and water.

EAT RICHER IF NEEDED
If you're hungry, tired, or cold—eat fattier cuts.

LISTEN TO YOUR BODY
Give your body time to adapt. 30–90 days is ideal.

EXPECT DETOX SYMPTOMS
Headaches, fatigue, skin flare-ups, or digestive changes can happen.

STAY CONSISTENT
Healing isn't always linear, but it's worth it.

KEEP IT SIMPLE
The fewer variables, the better the results.

WHY IT WORKS

Eliminates food triggers

Reduces inflammation

Supports gut healing

Improves mental clarity & focus

Optimizes hormones

Supports immune function

CARNIVORE TRACKER

Track your daily habits and how you feel. Consistency creates results.

DAY	1	2	3	4	5	6	7	8	9	10	11	12	13	14
MEAT INTAKE (Enough?)														
FAT INTAKE (Enough?)														
WATER INTAKE (8+ glasses?)														
SALT INTAKE (Adequate?)														
SYMPTOMS (0–10 scale)														
ENERGY LEVEL (0–10 scale)														
MOOD (0–10 scale)														
NOTES														

POSSIBLE DETOX SYMPTOMS

Headache

Fatigue

Digestive Changes

Skin Flare-ups

Brain Fog

Mood Changes

Usually temporary.
Stay the course!

IMPORTANT REMINDERS

EVERYONE IS DIFFERENT
What works for one person may not work for another. Find what works for YOU.

BE PATIENT
Healing takes time. Give your body 30–90 days.

FOCUS ON QUALITY
Choose high quality meats & fats when possible. You are what you eat.

EAT NOSE TO TAIL
Include organ meats for maximum nutrients and balance.

GET SUN. MOVE. SLEEP.
Support your biology with sunlight, movement, and quality sleep.

TRUST THE PROCESS
Simplicity is powerful. You were designed to thrive on this.

DISCIPLINE TODAY.
FREEDOM TOMORROW.

★ YOU GOT THIS. ★

KEEP IT SIMPLE. STAY CONSISTENT. BECOME UNSTOPPABLE.
