

HOW TO KETO DIET

EAT REAL FOOD. STAY LOW CARB. FEEL AMAZING.

WHAT IS KETO?

A low-carb, high-fat diet that puts your body in ketosis, where it burns fat for fuel instead of carbs.

WHAT CAN YOU EAT?

HEALTHY FATS

- Avocado
 - Olive Oil
 - Butter, Ghee, MCT Oil
 - Coconut Oil
 - Nuts & Seeds
 - Full-Fat Dairy
- Eat plenty.

PROTEIN

- Beef, Pork, Lamb
 - Chicken, Turkey
 - Fish & Seafood
 - Eggs
- Moderate amounts.

LOW CARB VEGGIES

- Leafy Greens
 - Broccoli, Cauliflower
 - Zucchini, Cucumber
 - Bell Peppers, Asparagus
 - Mushrooms, Green Beans
- Non-starchy veggies.

LIMITED CARBS

- Berries (in moderation)
 - Avocado
 - Olives
- Small portions.

THE BASICS

20g

KEEP CARBS LOW

Aim for 20–50g net carbs per day.

EAT HEALTHY FATS

They are your fuel.

MODERATE PROTEIN

Too much can slow ketosis.

DRINK WATER

Hydrate & add electrolytes.

WATCH HIDDEN CARBS

Read labels. Sugar hides everywhere.

TIPS & TRICKS FOR SUCCESS

MEAL PLAN

Plan ahead and keep it simple.

TRACK YOUR CARBS

Use an app to stay in range.

ELECTROLYTES MATTER

Sodium, potassium & magnesium prevent keto flu.

BE PATIENT

It can take 3–7 days to enter ketosis.

LISTEN TO YOUR BODY

Adjust as needed.

QUALITY OVER QUANTITY

Choose whole, nutrient-dense foods.

STAY HYDRATED

Drink plenty of water.

DON'T CHASE ZERO

Focus on balance, not perfection.

WHY IT WORKS

Burns stored fat for energy

Reduces hunger & cravings

Stable energy all day

Supports brain function

Improves metabolic health

ALCOHOL (IN EXCESS)

KETO SUCCESS = CONSISTENCY + PATIENCE + SMART CHOICES

FOCUS ON PROGRESS
Not perfection.

KEEP IT SIMPLE
Real food. Basic meals.
Repeat what works.

SHOP SMART
Buy whole foods.
Cook at home.

SLEEP WELL
Rest supports
fat loss & recovery.

YOU'VE GOT THIS
Small choices daily
lead to big results.

KEEP IT SIMPLE. STAY CONSISTENT. YOUR RESULTS WILL FOLLOW.

KETO FLU?

Headache, fatigue, cramps? Increase electrolytes, drink more water, and be patient. It usually passes in a few days.

YOU CAN DO HARD THINGS.
